

PRESS RELEASE

Where are the 100 Greatest Places To Stand in your City, County, State or Country?

MAY 26. LONDON. Following the first week of voting to decide The Greatest Place To Stand On The Planet, the organisers at StoodThere.com have compiled three further categories on which to vote...

The Greatest Place to Stand in the United States

The Greatest Place To Stand in Europe

The Greatest Place To Stand in the United kingdom

Each list includes a full, factual, rundown on each of the 100 locations in each list of nominations.

Voting begins immediately to find the favourite and the winners will be announced at the start of December.

Nominations are also being taken from the public to help create further lists - lists which include the greatest places to stand in your local City, County or State.

Voters are also being persuaded to add a photo of themselves to the lists if they have actually been to any of the locations.

The full lists are viewable at...
